

## GUIDELINES FOR SERVICE AWARD PROGRAM

1. Our service awards consist of **one** scholarship to attend the North Carolina Quilt Symposium (held annually in May), **five** scholarships to attend our own Tarheel Quilters Guild workshops, a free guild membership for the following year, special recognition for the persons who earn the most points for the year and who make the most charity quilts during the year, and service pins for all those who make the requisite number of quilts for our designated charities. Winners of the scholarships are drawn from all those earning the required number of points.
2. We will use the point system. The award periods are December -November. Each guild member will be responsible for keeping his/her own record of guild related activities using the form provided. Each month you should fill in your points and bring your total down to the bottom of the column. You must turn in your completed form to the Awards Chairman by the end of **November** for the **December** party awards.
3. A prerequisite for any service award is that you must make **two** VA quilts and **two** baby quilt for the December drawing (exception: If you joined after June, you must make only **two**).
4. At the December party we will award service pins, have a drawing for **five** TQG workshop scholarships (no alternates), and **one** NCQ Symposium scholarship (and alternate). We will also have a drawing for the free guild membership and special awards for the most overall points and most charity quilts donated.
5. To be eligible for the NCQ and TQG workshop drawings, you must have earned forty-five (45) points during the annual service award period and turned in two baby quilts and two VA quilts. You can only win **one** scholarship per year.
6. The NCQ scholarship winners need to attend classes and use their scholarship during the upcoming year.
7. Be sure to keep up your points. We encourage you to mark your points as you earn them so that your record will be as accurate as possible.
8. New charts will be available in November to keep track of your points from December - November.
