

Triple Nine Patch

Cut

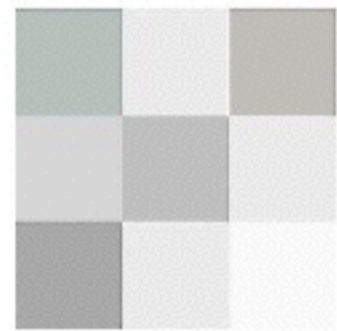

9 ea. 1" squares
8 ea. 2" squares
8 ea. 5" x 5" rectangles

all squares in shades of white to medium grey

Construct a nine-patch out of the 1" squares. (This nine patch will measure 2").

Use the nine patch you just created and the eight 2" squares, to construct another nine patch. You can place the tiny nine patch in the center, or anywhere else. This new nine patch will measure 5".

Use the nine patch you just created and your 5" squares, to construct another nine patch. You should end up with a 14" block.
